

## Searching

Sometimes you win  
And sometimes you loose  
Sometimes you don't know how  
You got the Blues  
You just know you got 'em,  
Yes you do

The answers you can't find within  
But keep the faith  
And you will win  
Cause the good guys always do

Don't be consumed by those blues  
The answer will be revealed  
If you always search for truth
